

International Computer Symposium 2012 (ICS 2012)

12-14 December, Hualien, Taiwan

Workshop on Cryptography and Information Security

Call for Papers

The 2012 Workshop of Cryptography and Information Security in conjunction with ICS 2012 will be held in Hualien, Taiwan, December 12-14, 2012. The main focus of the workshop will be on the novel proposal of techniques for information, network and systems security. This workshop will become a forum for researchers to summarize the most recent developments in the field, with a special emphasis given to the improvements and results. The proceedings of ICS 2012 will be published by Series of Smart Innovation, Systems and Technologies of Springer (indexed by SCOPUS and Springerlink). Some accepted papers of this workshop will be included in special issue of Journal of Information Hiding and Multimedia Signal Processing <http://www.jihmsp.org/>. The topics to be covered include, but are not limited to:

- Cryptography and Cryptanalysis
- Communication and Network Security
- Watermarking and Data Hiding
- Key Management and Cryptographic Protocols
- Block/Stream Cipher
- Cloud Computing Security
- Intrusion Avoidance and Detection
- Computer Forensics
- Digital Rights Management
- Security of e-Commerce and e-Government
- Database and Distributed System Security
- Security in Pervasive/Ubiquitous Computing
- Software Security and Malicious Codes
- Access Control
- Authentication and Authorization
- Security Evaluations and Measurements
- Trusted Computing

Before submission, authors should carefully read over the submission guidelines, located at <http://ics2012.ndhu.edu.tw>. All papers must be submitted in an electronic format which conforms to the workshop proceedings style described at the web site.

Prospective authors should submit an electronic copy of their complete manuscript through the conference manuscript
